

**REMARKS**

The reference identified as [ADI1] was an internal, non-public document that should not have been listed as a reference in the background section. Therefore, the specification has been amended to delete that reference.

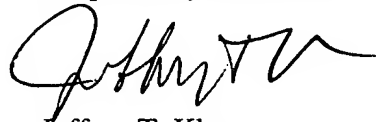

The specification has also been amended to correct the author and title for the reference identified as [Moh99].

An Information Disclosure Statement was filed on July 27, 2004. Because the reference identified in the application as [3G212] was not readily available, copies of the immediately prior and subsequent versions of that document (i.e., versions 3.1.0 and 3.2.0, respectively) are included. Version 3.2.0 includes a change history describing changes from version 3.1.0 to version 3.1.1 and from version 3.1.1 to version 3.2.0.

The application is believed to be in a condition for allowance. The Applicant respectfully requests early allowance of the application. The Applicant requests that the Examiner contact the undersigned, Jeffrey T. Klayman, if it will assist further examination of this application.
